From

THE E. H. BURSON NURSERY

Successors to

GREEN'S NURSERY COMPANY

ROCHESTER, N. Y.

Mr. Burson, who succeeds to the business of Green's Nursery Co., is well known to thousands of Green's patrons, and was with the company for over 50 years as Superintendent and sometimes as Director and Secretary. Patrons are assured that any order, small or large, will have the painstaking attention that has always been the policy of Green's Nursery Company.

Yours Faithfully,

E. H. BURSON

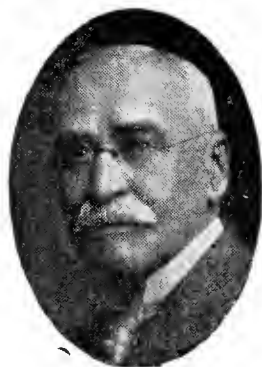

ADDRESS your letter or order to Clifton, Monroe Co., N. Y. or to Rochester, N. Y.

SPECIAL DISCOUNT
10 PER CENT
on orders paid for during Feb

AN ENVIABLE REPUTATION . . .

For over 60 years, Green's Nursery Co. has been supplying buyers with a quality of nursery stock which has built our present enviable reputation. Recognizing that our reputation is our most valuable asset, you may rest assured that we will do nothing to violate the public confidence we now enjoy and which has taken so many years of hard, conscientious effort to build.

We number our satisfied customers by the thousands in all parts of the country.

CHARLES A. GREEN
Founder

NO AGENTS

We employ no agents, consequently we have no agent's commission (usually 30 cents on every dollar) to pay—this saving we pass on to you, the buyer. We make buying easy. The descriptions in this catalog are authoritative and accurate. You need but to make a selection, fill out the order blank and send it in.

HOW TO ORDER

Simply make your selections from this catalog, use the enclosed order blank and mail it to GREEN'S NURSERY CO., ROCHESTER, N. Y., or to CLIFTON, N. Y.

TERMS

Please send payment with order. An express money order, postal money order or check. It is not safe to send silver or bills except in a registered letter. This "payment with order" plan saves us the enormous expense of making book records and of collecting accounts, and is one of the features of our business that enables us to sell you such high quality trees and plants at such low prices. To new customers we extend the privilege of C. O. D. shipments and paying when delivery is made by expressman, mailman or freight agent. Prices are free on board cars at our nurseries.

WHEN TO ORDER

It is best to order early, as this enables us to reserve for you the varieties you want and avoids the possibility of our being sold out. If it is necessary that an order arrive on a certain date, please note it on your order sheet and we will ship to arrive as near to that date as possible.

OUR GUARANTEE

We guarantee delivery in good condition. If the customer will notify us immediately that shipment arrived in unsatisfactory condition because of delay in transit or other cause, we will be pleased to make immediate adjustment. No human caution could be more exacting than ours. If any of Green's trees prove untrue to name, we will gladly replace the items or refund the purchase price. Obviously, we cannot assume further responsibility than that. Any and all orders will be booked on that condition and that only.

IT COSTS

Us about as much to pack up an order of \$1.50 of trees for Express shipment as it does to make a shipment of \$5.00. Therefore, we must ask our patrons that in the event of their sending us a tree order, amounting to less than \$2.00 to add 50c to cover packing expense.

25c ORDERS

The above refers to express and freight orders. We accept and ship out orders of 25c and up by parcel post without extra package charge.

PLANTING ADVICE

We make every effort to help you get best results, and will send you complete planting instructions with your order. Should you desire these planting instructions before shipment, let us know and we will gladly send them.

COMPLAINTS

If any, should be made within five days after receipt of the shipment. No consideration or replacing can be made months after planting. We cannot be responsible for weather or soil conditions. In the season of 1935 we lost 30,000 trees and plants owing to the dry season, and had no redress. In brief, we do not replace stock that dies.

STATE OF NEW YORK—No. 4085
Department of Agriculture & Markets
HOLTON V. NOYES, Commissioner

Certificate of Inspection of Nursery Stock

This is to Certify that the nursery stock of THE E. H. BURSON NURSERY of CLIFTON, County of Monroe, State of New York, has been duly examined in compliance with the Agriculture and Markets Law and has been found to be apparently free from all injurious insects and plant diseases.

This certificate is valid until Oct. 1, 1938, unless revoked before that date. Dated, Albany, N. Y., Sept. 1, 1937.

H. V. NOYES, Commissioner.

A. B. BUCHHOLZ, Director, Bureau Plant Industry.

WORTH CONSIDERING

You can secure your needs at 20% less than catalog price, and freight paid by us. While we do not employ agents, we do give some of our friends the chance to get their needs at a considerable less price, for a little work. In this way, you may have neighbors who want to plant little or much, maybe 5 or 6 of them, or a less number. If you will secure and tabulate their orders, sending us the money to cover, we will book at catalog prices, assemble the stock, and ship in one or more packages, according to size of the combined order, bundling each order in separate lots, properly tagged, etc., and ship all to your address at the proper time. For this special service, we will include such trees and plants as you may desire to plant at 20% less than catalog prices; that is, if your individual needs amount to \$10.00, we will include in the shipment, stock for \$8.00, or proportion according to size of your individual order. Further, we will ship these combination orders, freight prepaid, so that you will not have to call upon your friends for any additional amount to cover freight expense and you will get your needs at a price 20 cents less on each dollar, and all railroad charges prepaid by us. This will save your friends the trouble of mailing us their order, and all express or freight charges. If this offer appeals to you, we will send you order sheets and planting directions so that it will be easy to take orders.

E. H. BURSON, the Manager and Owner of the E. H. Burson Nursery, Successors to the Green's Nursery Company, has had 54 years' experience in handling help, growing, digging, packing and shipping out live trees and plants. Beginning as a general workman in the spring of 1884 with CHAS. A. GREEN, the founder of the Nursery, he soon rose to foreman of the Packing House, and was for over 40 years Superintendent of the extensive concern—was a major stockholder of the Corporation and for some time Secretary, and a Member of the Board of Directors. Is now active, and ready to serve any of the thousands of Green's old patrons, and the new ones that are being daily added to the list of the satisfied friends—see testimonials.

CORRESPOND—Many of our orders are secured through correspondence with prospective patrons. Write us your problems, ask us about varieties, send us a list of the trees and plants you are thinking of planting, ask for special quoted prices on a specified list. Although our printed prices may be low, we can save you good money. Often we have a surplus of some varieties and can make lower figures—especially on quantity lots.

AS TO ONE YEAR TREES—Some fruit growers will plant nothing but one year trees, and there's a reason. They claim that one year trees are generally better rooted, considering the size than two year, that they can head them back the desired height so that they will be low headed, and when come into fruiting, the fruit can be picked, and the trees sprayed at half the cost of the high headed trees. We agree with these fruit growers—if planting an orchard—naturally if one needs a few trees for the home garden, it is advisable to plant the 2 year No. 1, and head the last season's growth of twigs back say, two-thirds, when planting. We can supply a nice grade of one year trees—ask for prices.

MANY ORCHARDISTS prefer to plant the medium sized two year fruit trees, considering the price, and because heretofore they have had good success. Facts are that the medium sized trees are just as good shaped and rooted, but owing to being thick in the nursery row, or in a location where heavy growth was retarded, owing to soil conditions, they do not grade up to the No. 1 size. It is further well-known that a medium sized tree or even a poor grade No. 1, properly planted and cared for, stands a far better

chance of growing into a profitable, fruitful tree than a No. 1 grade tree carelessly planted and neglected the first year or two. We offer a medium grade of trees at considerably lower prices than the No. 1.

TWO YEAR TRANSPLANTED. Black and Purple Raspberries are in short supply, but as noted, we list one year tip plants, which many planters prefer to plant in place of two year. Some planters claim they have better success with one year plants than with two year, and the cost is about half as much. You pay, say \$60.00 per thousand for two year plants, whereas the cost of one year is \$30.00, and although the one year do not produce fruit the first season you should have a good crop the season following. We plant one year plants for our commercial plots.

If you have had experience with small red raspberry plants, and have had success we can supply such plants. These (such as we line out) we can supply at half the price of our selected ready-to-bear plants, as listed. In brief, we list only strong No. 1 and medium sized plants at a fair price for such, but can supply a lighter grade at a much lower price to those who want such, and these guaranteed good, of their grade.

Our grape vines are especially heavy—many of them three year old transplanted stock, and should produce fruit, if not this season, surely in 1939. We could send you small one year vines at less than half our price for these as listed, but you would be dissatisfied even considering the small price.

THE BEAUTIFUL FLOWERING SHRUBS

Our Shrubs as listed here are mainly the good well-known, hardy, sure-blooming varieties. These offered for shipment by express or freight are several times transplanted, No. 1, ready-to-bloom this year. Do not confuse these exceptionally heavy plants with those offered by some nurseries at a very low price. NOTE: We do offer a lighter grade for shipment by parcel post, all charges prepaid by us, but these are extra strong well rooted but of a less bulk size. There has been for the past two years such a surprising extra demand for shrubs, owing to new houses being built, that there is a decided scarcity, and prices are higher, some growers having increased their prices 50%. Generally our prices are not much higher than heretofore, except for a few varieties now not procurable in some nurseries.

TESTIMONIALS (Unsolicited) OLD and NEW

Telling proofs of good service. Every season perhaps 50% of our orders have come in from well satisfied old patrons, 25% from new patrons that have been advised to buy of us by those well pleased patrons. One spring season we found that 70% of our orders, and there were thousands received, were from those who had previously dealt with us. We do not need to do expensive newspaper and periodical advertising to secure all the orders we can fill, but naturally we want a lot of new patrons—our old patrons' good word and our Guarantee is your guarantee of being served in the best possible way.

RASPBERRIES, BLACKBERRIES & CURRANTS

Found by us and conceded by the majority of small fruit growers to be the most profitable of the bush fruits commercially, and it is well known that a row in the home garden, supplying the table daily with fresh picked fruit, and for canning and jelly is something that the housewife values perhaps above anything else. A planting of Raspberries has been known to grow and furnish satisfying crops for 25 years, while Currant plants that were planted 50 years ago are found fruiting more or less every year. The best crop of Blackberries (Thimbleberries) that I ever saw being harvested in this vicinity, had fruited heavily for 36 years.

STRAWBERRIES

Sensational crops and profits are recorded by some growers. We have found that an acre of the leading good varieties carefully planted and cared for—take one year with another, say for five years, pays us better than ten acres planted to general farm crops, and on our own farm, we grow strawberries by the acre, and many acres of wheat, oats, hay, etc., keeping track of expense and receipts annually. The initial cost of a planting of strawberries is the main item. The Everbearing varieties produce a good crop the first season after planting, and the June bearing varieties, if planted in the spring, a good crop the next year after planting. Usually two crops can be assured of—some let the plants fruit another year, generally securing a big crop the first picking, a satisfactory crop the second year, and a paying crop the third.

NO AGENTS

We have no grudge against nursery agents—all of us desire to make a living, and nursery agents to do this, must necessarily charge a stiff price to cover expenses of time, railroad, motor travel, etc. but we prefer to sell by correspondence and catalog. This means much expense for office work and catalog, but cutting out the 30 to 40% which is paid to the agent by those who employ them, we are able to dig, pack and ship direct to our patrons guaranteed stock at a price much lower than agents' prices. A neighbor last year gave an order to an agent, paying him \$15.00, our price for the same order as to varieties and grades delivered was exactly \$7.00. There's a reason why—it is well to send your order to us.

OUR GIFT FOR SPRING 1938—See page 14

This Gift is not given as a "Sprinkle of Sugar" on a "scant buttered slice of bread" idea, but as an inducement for early orders. If we receive orders in February and March, we have more time to give them personal attention, and to reserve the stock ordered. Rush orders received in late April may find us short of some items. **Note:**—if you plan to send us a considerable order early, and have not the necessary funds at that time to cover amount, send $\frac{1}{4}$ of the total bill, and we will book. The balance can be sent to us when you want order shipped, or, as a **further consideration**, you may order the stock shipped C.O.D. for the balance. We are ready to do our best to help our patrons. (See page 14 for Gift for early orders.)

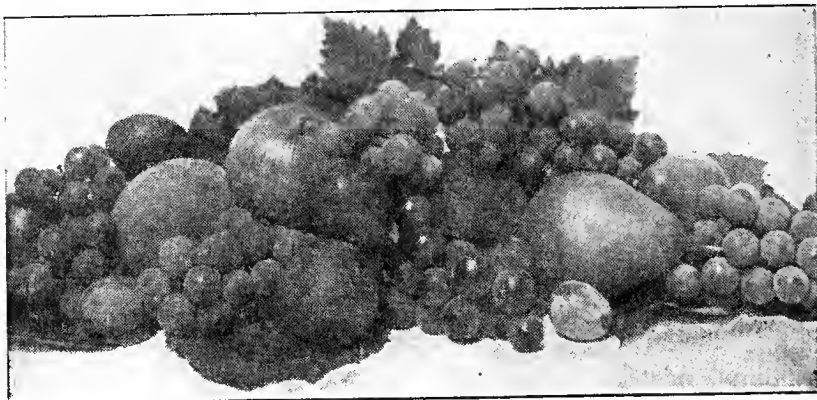

We are more than glad to answer inquiries as to varieties, culture, etc. but advise our friends to take advantage of their Agricultural Experiment Station, when possible, asking for bulletins, etc., and thus get first hand information. Bulletins and advice from these stations is free to the inquirers.

OUR ROSES—are NEW YORK STATE, field grown. We do not handle Texas grown stock, although these may appear to some planters to be more desirable, considering size, Texas grown stock is not, in our opinion, as hardy as Northern grown. There are hundreds of good roses. We do not grow all varieties, but we can procure for our patrons others, if desired at the same price as those we list. **ALSO BE ADVISED** that if you have had good success with a lighter grade of roses than our No. 1, 2 yr. we can supply at $\frac{1}{3}$ less than the price of the No. 1. These are good, well furnished in tops and roots, and will bloom the first season after planting. We do not handle Department Store grades.

OUR SHRUBS are heavy transplanted ready-to-bloom as listed here, and the prices shown after each are for express or freight shipment. If a lighter grade is wanted, we have them in good assortment. Please see list on page 21 "Trees, etc., by Parcel Post Prepaid." As we are large growers of the good hardy shrubs, we are prepared to quote much lower prices on quantity lots, that is, 20 to 100 of a variety in the 2-3 ft. and 18 to 24 inch grades.

WE HAVE 5000 heavy Norway, Silver, Sugar Maples and American Elms, Hardy Catalpas, in addition to our general offer of 6 to 8 and 8 to 10 ft. grades. These heavy trees are specimens, ranging in height from 10 to 12 to 15 ft., in caliper from $1\frac{1}{2}$ to 3 inches, straight bodies, low headed and ready for immediate effect. Also a few hundred American Arbor Vitae in 6 to 10 ft. height.

We are pioneers of the mail order business. We employ no agents. Mr. C. A. Green started the business over 60 years ago.

Satisfied patrons are found in every state, thousands of them. We have received hundreds of letters the past two years from patrons of 20, 30 and 40 years standing, an enviable reputation, yes indeed!

SPECIAL COLLECTIONS AT REDUCED PRICES

SPECIAL MADE-UP COLLECTIONS have always been a feature with us, and pleasing to our patrons. Here are a few Collections made up of the best varieties for general planter, all of these are standard varieties, well-known good old favorites. By offering them in Special Collections, we are able to send you extra nice trees and plants at a considerable reduction. We save by assembling these ready for shipment ahead of your order—you save in price. All the trees, shrubs, etc. for these Collections are selected from our regular grade of stock.

A—RASPBERRIES

- 10 Latham Red
- 10 Columbian Purple
- 10 Newburg Red
- 10 Black New Marvel

Forty strong 2yr. Plants, catalog price **\$3.00**
Special price **\$2.25** postpaid
—or—
Eighty plants, 20 of each variety for shipment by express at purchaser's expense for **\$4.00**.

(A special lower price will be quoted on 50 to 1000 on any of these varieties in 1 year plants.)

B—GRAPES

- 1 Fredonia, new black
- 1 Portland, new white
- 1 Niagara, black
- 1 Worden, black
- 2 Concord, black

Six 2 yr. No. 1 vines, catalog price **\$1.50**
Special price **\$1.25** postpaid.

C—GRAPES

- 10 Concord
- 5 Worden
- 5 Niagara
- 2 Fredonia
- 2 Portland

Twenty-four Extra heavy No. 1 Vines for shipment by express at purchaser's expense for **\$3.25**
A special low price will be quoted on 50 to 100 on any of these varieties.

D—FLOWERING SHRUBS

- 1 Winged Burning Bush
- 1 Forsythia Golden Bell
- 1 Pink Weigela
- 1 Althea, double red
- 1 Japan Quince
- 1 Spirea Van Houttei

Six Ready-to-bloom 2-3 ft., catalog price **\$2.60**
Special price **\$2.00** NOT POST-PAID.

—or—

Six in lighter grade, strong 18 inch, catalog price **\$1.15**
Special collection price **\$1.00** postpaid.

E—SHADE TREES

- 1 Silver Maple 6-8 ft.
- 1 American Elm 6-8 ft.
- 1 Rock Maple 6-8 ft.
- 1 Hardy Catalpa 6-8 ft.

Four Splendid Trees, catalog price **\$3.20**
Special price **\$2.85** NOT POST-PAID.

—or—

Two of each for **\$5.00**.

(These trees are ready for immediate effect—very low prices will be quoted on request for 10 or more of any of these.)

F—HOME FRUIT TREE COLLECTION

- 1 Rochester Peach
- 1 Elberta Peach
- 1 Bartlett Pear
- 1 Seckel Pear
- 1 Bradshaw Plum
- 1 Fall Apple
- 1 Winter Apple

Seven trees all first grade. Peaches 4-5 ft. well branched. Pear, Plum and Apples all 2-3 yr. No. 1, 5-6 ft. must be shipped by express or freight at buyer's expense. Catalog price **\$6.20**
Special price **\$5.00**.

G—STRAWBERRY COLLECTION by Parcel Post

- 25 Premier
- 25 Fairfax
- 25 Dorsett
- 25 Everbearing Mastodon

Catalog price **\$2.20**
Special price **\$1.50**

RASPBERRIES

ADVICE AS TO PLANTING—For Garden Culture. Red and Yellow Raspberries and Blackberries may be planted in rows 5 or 6 ft. apart and the plants 2 to 2½ ft. apart in the row. For field and commercial planting the Red and Yellow varieties, the rows should be fully 6 ft. apart and the plants 3 ft. apart in the row, while the Purple and Black will give better results and be in better shape for cultivation if the rows are 7 ft. apart and the plants 3½ ft. apart in the row.

When setting Raspberries or Blackberries the planter should see that all the roots are wet, the holes or furrows deep enough and wide enough so that the roots can be spread and set in an inch or two lower than their growth will show they stood in the nursery row, and the soil packed firmly on and around the roots.

Please Note: We send Raspberry Plants by Parcel Post, all charges prepaid by us at the 10 prices as shown below.

LATHAM. The big hardy, phenomenal cropper of red fruit that sells on sight at the highest prices—so hardy in cane that the severe winters of the North West do not injure it. Price: Strong plants (such as offered by general growers) 10 for 50c, 50 to 100 at 4c each, 200 to 1000 at 3c each. Special Supersize plants 10 for 75c, 50 to 100 at 5c each.

CHIEF. A hardy red, ripens 10 days earlier than Latham and is valuable for that reason. Same price as Latham.

NEWBURGH. A new red variety that is proving its worth. Vigorous in growth and hardy, being planted largely and is highly recommended for garden and commercial culture. Price: Strong plants (such as offered by general growers) 10 for 50c, 50 to 100 at 4c each, 300 to 1000 at 3c each. Special Supersize plants 10 for 75c, 50 to 100 at 6c each.

GOLDEN QUEEN. A delicious yellow raspberry—the Golden Queen will meet your wants. Canes grow like the red raspberry. Supply limited. Price: No. 1 plants, 5 for 50c, 10 for 75c.

COLUMBIAN. The well known purple variety. Possibly no variety of raspberry has shown as big crops or brought in as much clear profit as this variety. It is indeed a wonderful variety. Price: Selected 1 yr. plants 10 for 50c, 50 to 100 at 4c each, 300 to 1000 at 3c each. Two year plants 10 for 75c, 50 to 100 at 6c each.

CUMBERLAND. A well known blackcap. Good for the home and planted in acre lots by commercial growers. Price: Selected 1 yr. plants 10 for 50c, 50 to 100 at 4c each, 300 to 1000 at 3c each. Two year plants, 10 for 75c, 50 to 100 at 6c each.

NEW MARVEL (Blackcap) New. We find to be a surprising cropper of showy berries of large size. We are so pleased with this variety that we have planted an acre for home and commercial cropping. Price: 2 yr. plants, 10 for 75c, 50 to 100 at 6c each. One year plants 10 for 60c, 50 to 100 at 4c each.

Special low prices will be quoted on 500 or more lots.

Oct. 21, 1937.

In May of this year I set out three hundred of your Latham super-sized Raspberry bushes. Much to my surprise we picked thirty-seven quarts during August and September. May I take this opportunity to tell you how pleased I am with them.

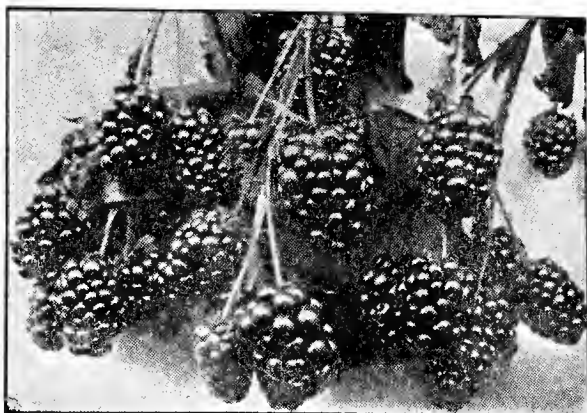

Mrs. J. T., Penna.

Mar. 2, 1937.

The 3500 Washington Asparagus I bought from you last year, all lived and did well, considering the terrible dry, hot weather we had. They were surely fine plants.

E. E., Ills.

See Page 14 for Special Gifts of Flowering Shrubs, Gladiolus Bulbs, Grape Vines or Shade Trees.

BLACKBERRIES (Thimble Berries)

ELDORADO. The only variety we grow commercially, an acknowledged excellent one. A favorite for the home garden and in our experience of many years, the best, considering hardiness of cane, size of fruit, and yield. Hardy in bush and a big cropper of large sized fruit. Price: Extra strong heavy rooted plants—10 for 75c, 50 or more 6c each.

Special prices will be quoted by letter, on request, on thousand or more lots of Raspberries and Blackberries.

CURRENTS AND GOOSEBERRIES

ADVICE AS TO PLANTING. Plant bushes in row 3 feet apart, rows 6 feet apart or in blocks 4 feet apart each way. We grow them for fruit extensively in our nurseries and have found that they are one of the best paying small fruits.

Please Note: We send Currants and Gooseberries as listed above if desired by Parcel Post prepaid by us at 1, 3 and 10 prices shown after descriptions.

CURRENT VARIETIES

RED CROSS. The most profitable large cherry red. We grow them by the acre for the fruit. Price: 25c each; 10 for \$2.25; 50 or more at 15c each, postpaid at each and 10 prices. Strong 2 year bushes.

DIPLOMA. Fruit very large, light red, sweet and unusually juicy. The bushes are strong, vigorous growers and exceptionally productive. Price: Strong 2 year bushes, 30c; 10 for \$2.75, postpaid; 50 or more at 20c each.

WHITE GRAPE. This is the best of all white currants. It is very prolific. Price: Strong 2 year bushes, 25 each; \$2.00 per 10; \$15.00 per 100.

GOOSEBERRY—Varieties

POORMAN. The new big red gooseberry. Introduced by the New York State Experiment Station. A variety that has been wanted by everyone. Price: 2 year strong, 30c each; 3 for 75c, postpaid, 50 or more at 20c each.

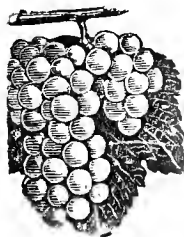

CHAUTAUQUA. The large yellow English variety. The best yellow for home and market. Price: 50c each.

GRAPES

ADVICE AS TO PLANTING. Plant 6 to 8 feet apart in rows 8 feet apart. When planting, cut back, leaving two or three buds only to each branch. Don't cut off roots, but plant deep and spread roots.

CONCORD (Black). Leading commercial grape. Fine flavor. Planted more extensively than any other variety. Price: 2 year No. 1, 20c each; 10 for \$1.75, postpaid. Keeps well a long time after picking. 50 or more at 12c each.—Select 1 yr. vines, 15c each, 10 for \$1.00; 50 to 100 at 6c each. Prices for 300 or more gladly quoted upon request.

CACO (Red). New. Super size berries. Deliciously sweet. Highest quality of all. Ripens early in September. Price: 2 year No. 1 vines, 40c, 5 or more at 35c each, postpaid.

April 28, 1937.

The shipment of trees and bushes arrived on time and in excellent condition. They are all I hope they'd be—and more. Miss K. S., New York.

June 14, 1937.

I appreciate your "square dealing". My plants are growing very nicely, also the fruit trees I ordered from you several years ago are bearing every year. So, I know your stock can be depended upon. You have gained my patronage, and I shall recommend you to others. M. L. H., New York.

CATAWBA. The good late red. Price: 2 year No. 1, 25c each, 10 for \$2.00.

DELAWARE. The favorite small berried pink grape, generally plants for home use. Price: 2 year No. 1, 25c each, 10 for \$2.00.

MOORES EARLY (Blue). An extra good early variety for the home garden. Price: 2 year No. 1, 25c each, 10 for \$2.00.

NIAGARA (White). Leading commercial white grape. Productive. Large bunches. Good quality. Middle September. Price: 2 year No. 1, 25c each, 10 for \$2.00.

WORDEN (Black). Seeding of Concord. Larger bunches. Better quality. Early September. Price: 2 year No. 1, 25c each, 10 for \$2.00.

FREDONIA. (New Black). A N. Y. State Experiment Station introduction. Large, black berries, ripening two weeks earlier than Worden. Productive. Excellent quality. Price: 2 year No. 1 Vines, 30c each, 10 for \$2.75, postpaid.

PORTLAND (New White). Another N. Y. State Experiment Station introduction. Holds first place among early green or white varieties. Exceptionally large fruit and bunches. Good quality. Price: 2 year No. 1 Vines, 30c each, 10 for \$2.75, postpaid. Prices for 50 or more gladly quoted upon request.

Grape Vines as offered above will be sent postpaid at each and ten prices. If 50 or more of any variety are wanted, we will quote much lower prices.

Dear Sir:

I was more than pleased with the Grape and Gooseberry bushes received recently—they were fine.

Very truly yours,

(Signed) C. M. K.,
Clinton, N. Y.

May 9, 1936.

E. H. Burson Nursery:

All stock ordered from you this year received in good condition. are leafing out nicely in spite of unfavorable weather conditions.

(Signed) Dr. C. J. Mulvey.

GARDEN NECESSARIES

The home garden surely is incomplete without the peers of spring vegetables, Asparagus and Rhubarb. Then how handy it is to have one's own Horseradish and Sage.

ADVICE AS TO PLANTING. For Asparagus select loamy soil, dig or plow trench 8 inches deep, set the plants one foot apart and crowns four inches below level of soil, spread the roots and firm thoroughly, being careful not to bruise the crown, cover with two inches of soil. When the new growth is two inches above level of soil, hoe in the remaining loose soil, thus burying any weeds that have started. The rows may be 2½ to 3 ft. apart.

Rhubarb roots should be planted so that the crowns are two to three inches below level of the soil.

ASPARAGUS. Washington rust-proof. Price: Extra heavy 2 year plants, 12 for 35c, postpaid; 50 to 100 2c each, not postpaid; \$10.00 per 1000.

RHUBARB. Strong, 20c each, postpaid; 10 for \$1.50, for Express or freight shipment.

SAGE (Holt's Mammoth). The leaves of this plant are used extensively for flavoring dressing and sauces. Price: Well rooted strong plants, 15c each, 5 or more at 10c each.

HORSERADISH SETS. Price: 10 for 50c; 50 or more at 2c each, postpaid.

THYME. For seasoning game and meat dressing. Price: 15c each, 3 for 35c, postpaid.

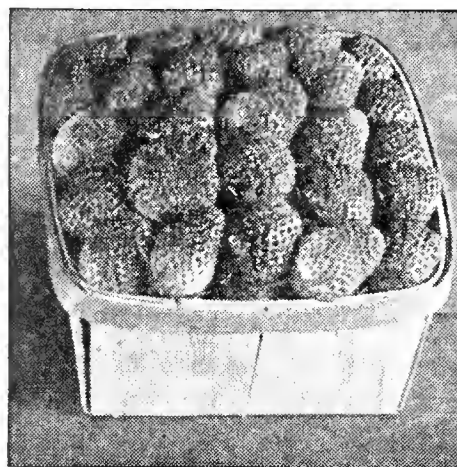

I began purchasing from your company as far back as 1912 and on the whole have found things satisfactory.

Apr. 3, 1937.
S. E. T., Mass.

See Page 14 for Gift of Gladiolus Bulbs.

STRAWBERRIES

The money maker for the commercial grower and the ever satisfying delectable fruit for the home garden. There are scores of varieties. We grow and list some of the most reliable for general planting.

PREMIER EARLY. A standard of excellence with all growers, and the earliest worthwhile Strawberry of the older varieties. A great money maker. Price: 12 for 25c, 50 for 40c, 100 for 75c postpaid, 1000 for \$5.00 f.o.b. cars.

DORSETT EARLY. Berries are very firm; firmer than Premier, and are a beautiful light red in color. An excellent variety for canning. They hold this color well, and for this reason, together with their attractive shape and extra fine quality, has become the leading

variety for home and market. Price: 12 for 25c, 50 for 40c, 100 for 85c postpaid, 1000 for \$6.00 f.o.b. cars.

FAIRFAX EARLY. Berries are exceptionally firm. They are a bright red when picked at proper time. The berries are uniform in size and present very handsome appearance. Price: 12 for 25c, 50 for 40c, 100 for 85c postpaid, 1000 for \$6.00 f.o.b. cars.

CORSICAN. This variety is so well known to the majority of our patrons that a lengthy description is unnecessary. It is the ideal berry for the table, sweet and of above average size. Medium early. The leading table variety, sweet, large size. Good for the home garden and for the commercial plot. Sells well on sight on account of size and fine appearance. This variety is known by some as the New York. Price: 12 for 35c, 50 for 55c, 100 for \$1.00 postpaid, 1000 for \$8.50 f.o.b. cars.

MASTODON EVERBEARING. This supreme Everbearer may well be termed the King of Strawberries. Plants set in the spring will produce a good crop in August, September and October of the same year. The most extensively planted variety of Everbearing Strawberry. Fruit is of large size, waxy appearance. Plants large and healthy. Foliage dark, glossy green. Price: 12 for 35c, 50 for 75c, 100 for \$1.25 postpaid, 1000 for \$8.00 f.o.b. cars.

THE BEAUTIFUL FLOWERING SHRUBS All Blooming Size Ready for Immediate Effects

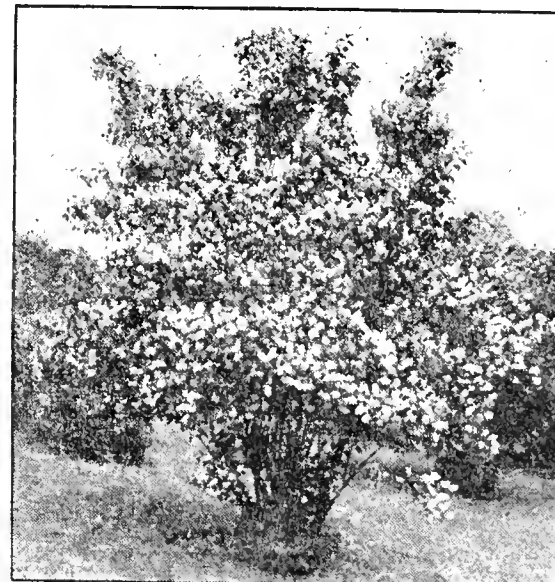

Considerable space is devoted to this most desirable and much planted class of nursery production.

Our shrubs have been very carefully selected and include the most beautiful and hardy varieties.

ALMOND (Pink Flowering). The well-known, much loved shrub. Beautiful double pink, rose-like flowers, early in spring before leaves appear. Price: 2 to 3 ft., 50c each.

ALTHEA (Rose of Sharon). Beautiful double flowers from August until frost. Hardy, erect, compact. Grows 8 to 10 ft. high. Pink, Purple, Red, White, Rose with darker center. Order by color. Price: 2 to 3 ft., 40c each.

BARBERRY (Red Leaved). Foliage a reddish bronze in spring, turning to a brilliant red as the heat of summer intensifies its color. An exceedingly attractive shrub for mass plantings where contrasting colors are wanted. Price: 12-15 in., 25c each; 3 for 65c; 10 for \$2.00. 1½ to 2 ft., 35c each; 3 for 90c; 10 for \$2.75.

Butterfly Bush Blooms

BARBERRY (Dwarf). In big demand for hedges and for group planting. Covered with red berries in fall and winter. Foliage orange and scarlet in late fall. **Price: 18 to 24 inches, 30c each; 15 to 18 inches 25c each.** See page 14 for prices of sizes for hedges.

BUTTERFLY BUSH. A very attractive and unusual perennial shrub. Its lavender flowers are very sweet-scented, 6 to 10 inches long, resembling lilacs. Blooms from July until frost. **Price: Strong 2-year plants, 40c each.**

DEUTZIA (Pride of Rochester). Double white. **Price: 2 to 3 ft., 40c each.**

DEUTZIA (Crenata Rosea). Pink flowers. **Price: 2 to 3 ft., 40c each.**

DEUTZIA (Deutzia Gracilis). A dwarf, dense-growing shrub, with single, white, bell-shaped flowers in May. Excellent for shrub borders in front of taller kinds. **Price: 1 to 2 ft., 40c each.**

DOGWOOD (Coral). Striking, bright coral red branches, very ornamental, especially for winter effects. Yellowish white flowers in spring, white berries in winter. **Price: 2 to 3 ft., 35c each.**

FORSYTHIA (Golden Bell). This beautiful old favorite is loved by all. One of the first shrubs to bloom in the spring, with bright yellow, bell-shaped flowers in April before the leaves appear. **Price: 2 to 3 ft., 40c each; 3 to 4 ft., 50c each.**

HONEYSUCKLE RED (Lonicera Tatarica Rubra). The favorite, old-fashioned shrub, covered with pink flowers in spring, immediately followed by scarlet berries that last through the fall. Grows more rapidly than any other shrub. **Price: 2 to 3 ft., 40c each; 3½ to 4 ft., 50c each.**

HONEYSUCKLE WHITE (Lonicera Tatarica Alba). Same as Pink Honeysuckle except its flowers are white. **Price: 2 to 3 ft., 40c each; 3½ to 4 ft., 50c each.**

HYDRANGEA ARBORESCENS (Hills of Snow). Magnificent clusters of snow-white flowers from July through September. **Price: 2-3 ft., 40c; 18-inch, 30c each.**

HYDRANGEA PANICULATA GRANDIFLORA (Bush Form). Immense clusters of white flowers changing to delicate pink. Blooms in August and September. **Price: 2 to 3 ft., 40c each.**

JAPAN QUINCE. Another old favorite. Fine for specimen or border planting. Completely covered with dazzling scarlet flowers in May. **Price: 2 ft., 40c each; 15 to 18 in., 25c each.**

MOCK ORANGE (Virginialis). Exceeds all other Mock Orange in beauty and form; unusually large, double white flowers, often 1½ in. across, in clusters of five to seven in a group. **Price: 2½ to 3 ft., 40c each.**

MOCK ORANGE (Golden of Dwarfish Growth). Yellow foliage in summer, white flowers in May and June, very desirable. **Price: 40c each.**

MOCK ORANGE (Fragrant Coronarius). A well-known shrub, with clusters of pure white, very fragrant flowers in June. **Price: 2 to 3 ft., 40c each.**

Snowball

SNOWBALL (The Old Favorite). With globular clusters of white flowers the latter part of May. **Price: 2 to 3 ft., 40c each.**

SNOWBERRY. A slender, medium-growing shrub, which does well in any soil and will flourish under trees. Clusters of attractive, milk-white berries which last until late in winter. **Price: 2½ to 3 ft., 35c each.**

WINGED BURNING BUSH (Euonymus Alatus). A beautiful shrub, with corky winged branches; a fine shrub for solitary plantings, as well as for massing, the rich red and crimson in its leaves being very showy, and red berries add to its attractiveness. **Price: 2 to 3 ft., 75c each; 3 to 4 ft., \$1.00 each.**

WEIGELA PINK (Weigela Rosea). Deep pink flowers in great profusion in June. A universal favorite and a strong grower. **Price: 2 to 3 ft., 35c each.**

WEIGELA (Eva Rathke). A fine dark red variety of dwarf habit. Blooms profusely in June and intermittently all summer. **Price: 2 to 3 ft., 50c each.**

WEIGELA (Variegated). Those who want a shrub that in addition to blooms, shows a decided striking foliage, should plant this Weigela. Pink flowers and green and white foliage. **Price: 2 to 3 ft., 40c each.**

SPECIAL: All shrubs listed at 40c each, 10 for \$3.50, and those at 2 to 3 ft. at 35c, 10 for \$3.00.

THE SPIRAEAS

SPIRAEA (Anthony Waterer). A dwarf variety, growing 2 to 3 ft. high, branches of which terminate with beautiful, deep rose flowers that are fine for bouquets. **Price: 18 to 24 inches, 30c each; 5 or more at 25c.**

THUNBERG'S. A very early flowering, graceful bush. The thread-like branches bear innumerable small white flowers and tiny leaves. Foliage changes in autumn to bright red and orange. **Price: 2 to 3 ft., 40c each.**

VAN HOUTTE. Better known and more largely planted than any other shrub. An extremely graceful shrub, with long, drooping branches completely covered with flat clusters of white flowers in May and June. When in blossom, a hedge of Spiraea Van Houtte is a sight long to be remembered. **Price: Special low price—2 to 3 ft., 30c each; 10 for \$2.50; 4 to 5 ft. heavy clumps at 60c each; 10 for \$5.00.**

BRIDAL WREATH. Flowers white and double like little roses, borne in great profusion the whole length of the branches; foliage, scarlet in autumn. **Price: 2½ to 3 ft., 40c each.**

SHRUBS BY PARCEL POST: The prices shown under the descriptions are for heavy ready to bloom specimens for shipment by express or freight and **NOT** by parcel post. See parcel post offer, page 21, for Shrubs, etc., prepaid, by parcel post.

One look at Page 3 may show you the way to save several dollars.

French Lilac

LILACS

French Varieties (Double and Single Flowering)

SPECIMEN BUSHES READY TO BLOOM THIS SPRING

The **FRENCH LILACS**, owing to their hardiness, attractive free blooming, have been and are being planted so extensively that propagators are unable to keep up with the demand.

In addition to our regular good 2-3 ft. ready-to-bloom grade as listed below, **WE HAVE** a heavy transplanted 4-6 ft. grade, unnamed varieties in colors: white, lavender, purple, etc., at a bargain price of \$1.50 each. These are ready for immediate effect as specimen hedges and windbreaks.

Parcel Post Grade—We offer a lighter grade of the named varieties of Lilacs, strong, well-furnished plants that can be sent by parcel post. See parcel post, page 21.

CHARLES JOLY. Double purplish red. Tall grower.

MME. CASIMIR PERIER. Double white. Dwarf stocky growth.

MME. LEMOINE. Double white. Dwarf; branches well.

MARIE LE GRAYE. Single white. Dwarf, low branched, stocky.

MICHEL BUCHNER. Double lavender.

PREST, GREVY. Large, full clusters of double, pale wistaria violet flowers.

LILAC (Ludwig Spaeth). Double large trusses of dark purplish blue, single flowers.

PRICE of all French Lilacs 2 to 3 ft. ready to bloom, \$1.00 each.

COMMON PURPLE. Price: 2 to 3 ft., 50c each.

CLIMBING VINES

We receive hundreds of letters asking our advice as to suitable vines for planting for porches, arbors, etc. We heartily recommend Silver Lace, Climbing Paniculata or Grafted Wistaria.

Note: Climbing Vines No. 1 grade as listed below will be sent when desired by Parcel Post prepaid at prices shown below.

AMPELOPSIS (Boston Ivy). Clings to walls without support. Leaves in rich colors in the Fall. Price: 40c each, 3 for \$1.10.

BITTER SWEET. Rich orange colored berries in the Fall. Price: 40c each, 2 for 75c.

CLEMATIS PANICULATA. Rampant grower. White fragrant flowers in the Fall. Price: Strong 2-year vines, 30c each; 3 for 80c.

CLEMATIS JACKMANNI. The large purple flowered variety. Price: 75c each.

WISTARIA (Grafted). Purple flowers in June. Grafted plants. Price: 2-year vines, 50c each; 2 for 90c.

SILVER LACE VINE. The fastest growing vine; foliage perfectly clean, never bothered by insects or other pests. In Fall a sea of foam-like white flowers. The total growth of vine planted in spring of 1936 showed the phenomenal total growth of 84 feet in height. Price of this wonderful vine, 2 yr. strong—50c each; 2 for 85c, postpaid.

May 4, 1937.

Shrubs arrived May 3rd in *fine condition*. They were as fresh as if they were standing in the ground.

Mrs. H. P., New Hamp.

EARLY ORDERS HELP US

And guarantee the sender that the stock offered will be reserved for shipment at the proper time.

AS AN INDUCEMENT: Note—If your order amounts to \$5.00 or more, paid in full at catalog prices, to be shipped by express or freight, and you ask for it, when ordering, we will include free:

3 Concord, 1 Worden and 1 Niagara Grape, 2 year No. 1
OR

3 Flowering shrubs, 2-3 feet, our selection, all different
OR (if your order is a tree order)

1 Silver Maple, or, 1 American Elm, 6-8 feet.

If your order is for shipment by parcel post (see parcel post offers on page 21) prepaid by us, and amounts to \$2.00 or more, paid in full at catalog prices, and you ask for same when ordering, we will include free:

12 Mammoth size **GLADIOLUS BULBS**, named varieties in three colors.

The above **FREE GIFTS** are offered on condition that your order is received on or prior to **April 1st**.

DESIRABLE HEDGING PLANTS

Hedge plants may be set from 8 to 12 inches apart in single rows or in case a quicker, denser growth is required in double rows the rows about 14 inches apart and the plants 12 inches. When planting double rows the smaller sizes may be used.

BARBERRY (Dwarf Thunberg). A favorite wherever tall hedges are not needed. Very hardy. Foliage turns to red and orange in later summer and branches are covered with red berries in late fall and winter. Note these are offered in several heights—all are No. 1 plants of their grades offered. Price: 12 to 15 in., 10 for \$1.50, 50 or more at 12c each; 12 to 18 in., 10 for \$2.00, 50 or more at 15c each; 18 to 24 in., 10 for \$2.75, 50 or more at 25c each.

PRIVET (Amoor River). Hardy North. Hardier than California and being largely planted. Price: Strong 12-18 inch, 10 for 65c, 50 or more at 6c each; 18-24 inch, 10 for 75c, 50 or more at 6c each.

PRIVET (California). Well known, holds foliage until severe winter weather sets in. Price: 18 to 24 in., 10 for 60c, 50 or more at 5c each; 2 to 3 ft., 10 for 85c, 50 or more at 7c. Ask for prices on quantity lots.

Green's Nursery Co.:

The Shrubs sent last year came in perfect condition and are growing nicely.

(Signed) Miss Marion Bodge,
_____, Mass.

SOMETHING NEW

TRUEHEDGE COLUMNBERRY. A sensational new form of Barberry that is taking the country by storm. Perfectly hardy pyramidal in growth, drouth resisting, perfect hedge plant. Price: 12-15 in., 35c each, 10 for \$2.80; 50 or more at 22c each.

TESTIMONIALS

No more cheap trees for me—I go back to an old friend.
Feb. 3, 1937.
Rev. W. D., N. Hamp.

Several years ago I received fruit trees from you which I am very proud of.
Feb. 8, 1937.
Mrs. P. G., Penna.

I have ordered from you before and find everything I bought satisfactory.
April 6, 1937.
E. T., Penna.

We have always been satisfied with what we got from your nursery.
Nov. 30, 1937.
A. P. C., Calif.

The shrubs we bought from you are gorgeous and have improved the place 100%.
Mar. 17, 1937.
H. D. A., Mass.

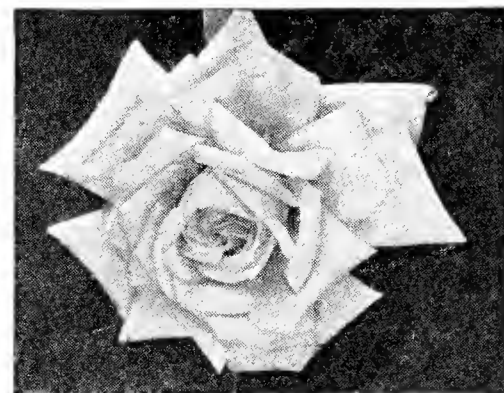

We are old customers,—we bought our first fruit trees, shrubs, etc., over 37 years ago,—everything has grown so well.
Mar. 21, 1937.
L. A. C., N. J.

See Page 6 for Special Reduced Price Collections of Fruits, Shrubs, etc.

ROSES

EVERBLOOMING ROSES

We realize that some folks have been disappointed in that they expected that the so-called Everblooming Roses, although blooming well in the early summer, failed to meet their expectations throughout the season. This failure may have been caused by lack of moisture, poor condition of soil, etc.

THE POLYANTHA ROSES

We suggest that you procure and plant the Polyantha class Dwarf Baby Roses. These are not baby in size of bush, but are No. 1, heavy plants, and from early summer until severe frosty weather sets in, will delight you with large clusters of showy blooms. Plant in as single specimens, in beds, or in hedge rows, and your garden, lawn or driveway will be the envy of your neighbors.

DESIRABLE VARIETIES OF POLYANTHA ROSES

CRIMSON BABY, the favorite crimson.

ELLEN POULSEN, delightful pink.

GOLDEN SALMON, orange scarlet.

ROSES—Bedding Roses are often planted too shallow. Deep planting is advisable. The plant should be set in up to first branches and these branches cut so that not more than four inches show above the ground level. Roses give best results in rather heavy, well drained, rich, clayey soil. Winter protection in the north and middle states may be necessary.

Price of all Polyantha Dwarf 2 year, No. 1 Roses, 50c each, 3 for \$1.40. For Roses by Parcel Post see page 21.

F. J. GROOTENDORST. A hardy especially desirable rose for individual and hedge planting. Small, bright crimson, flowers of the Baby Rambler type. Price: 60c each, 3 or more at 50c each.

Over 35 years ago my mother bought trees from Green's Nursery Company, such fine plums I have never seen any like them.
Apr. 14, 1937.
Mrs. W. S. H., Penna.

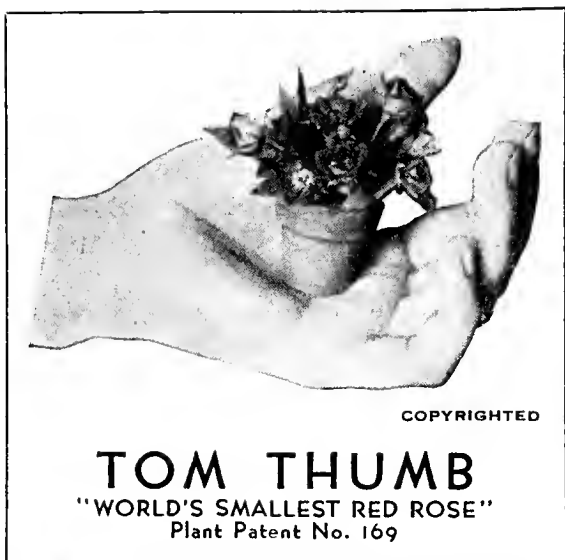

All stock came O.K. and looks good,—trees are well formed and will be sending you further orders from time to time.
May 20, 1937.
A. L. M., Ind.

The currant plants came in fine condition. Everything very satisfactory, and nicely packed. Plants were stock and very good roots.
May 7, 1937.
W. F. B., Mich.

TOM THUMB ROSE

**"World's Smallest Red
Rose"**

Sensation of 1937.
Makes plants 6 inches
high. Miniature fol-
iage. Blooms all time.
To edge pools and
flower beds. For rock
and other small gar-
dens. Price 75c each.

WELL KNOWN HYBRID TEAS VARIETIES

(Generally Known as Everbloomers)

- BETTY UPRICHARD.** A charming carmine with coppery orange.
COLUMBIA. Beautiful deep enduring pink.
FRAU KARL DRUSKI. Snow Queen.
E. G. HILL. Great massive blooms of deep maroon, velvety on
inside, very fragrant.
ETOILE de HOLLAND. Free blooming, brilliant crimson red.
LOS ANGELES. Flame pink and found in every rose collection.
MRS. AARON WARD. Deep golden orange.
PRESIDENT HOOVER. Maroon, orange and gold.
RADIANCE PINK. Very hardy, vigorous deep pink.
RADIANCE RED. A favorite crimson red.
SOUVENIR de CLAUDIUS PERNET. Large flowered, unfading
yellow.
TALISMAN. The gorgeous, much planted, gold apricot yellow
and old rose—a beauty. Price of all 2 year No. 1, 50c each, 3 for
\$1.40. Heavy two-year, field grown, ready for producing soon
after setting. Gorgeous blooms.

CLIMBING (RAMBLER) ROSES

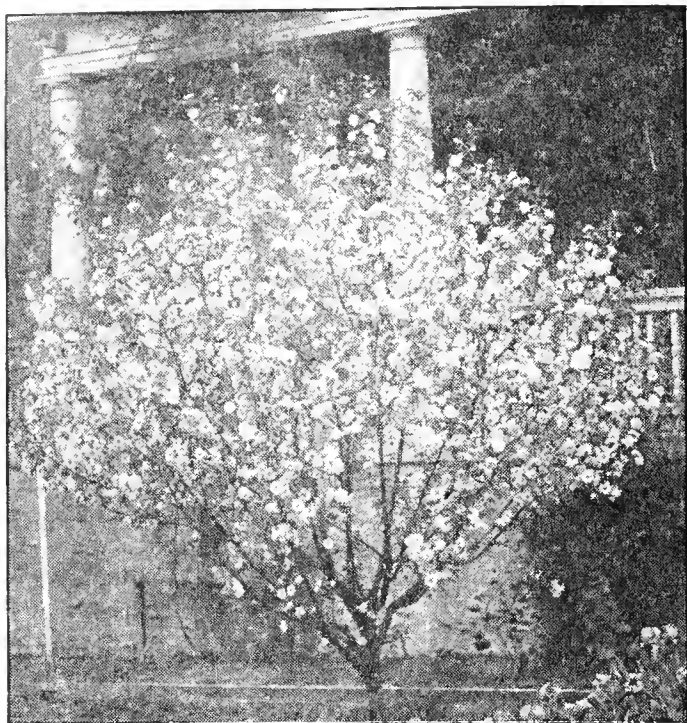

- AMERICAN PILLAR.** A superb single flowering strong grower,
brilliant carmine with creamy center, yellow stamens.
AMERICAN BEAUTY. The good favorite, big red.
CRIMSON RAMBLER. That much-loved crimson.
PAUL'S SCARLET. The vivid scarlet.
DOROTHY PERKINS. The ideal pink.
PRIMROSE. A true hardy yellow.
TAUSCENDSHON. Considered by many the peer of ramblers,
creamy white to soft pink blooms.
WHITE DOROTHY. Clusters of pure white.
Price: For heavy two-year, field grown, 40c each, any 3 for \$1.00,
postpaid.

NEW PATENT ROSES

The Sensation in Roses

There is such a growing demand for the new Patent Roses that
we have decided to offer the following, selected from a long list
of beauties:

- AMELIA EARHART**—Very fragrant, strong grower, color deep
yellow center with blush overtone—price \$1.25 each
CARILLON—Bud orange scarlet, long pointed, opens up to a
lively coral flame—price \$1.00 each
COUNTESS VANDAL—Long pointed bud coppery bronze, suf-
fused with soft gold—price \$1.00 each
ECLIPSE—Long streamlined bud, color rich gold without shad-
ings. "It eclipses them all" they say—price \$1.50 each
GLOAMING—Large buds on long stems, unusual coloring, fawn
orange pink overlaid with salmon when in full bloom—
price \$1.25 each
MATADOR—Large full well formed scarlet crimson, very fragrant
—price \$1.25 each
ROCHESTER—Constant bloomer of clear two tone pink in buff,
deeper in center, foliage heavy, very hardy—price \$1.00 each
(We are not allowed to sell the above Patent Roses at a less
figure each than as printed above, but special prices will be quoted
on dozen lots of any.)

Bechtels Crab in Bloom

SHADE AND LAWN TREES

AS TO THE PLANTING OF SHRUBS, SHADE TREES, EVERGREENS, ETC.—The average amateur planter has much to learn. (We say this with all due respect to those who know how.) Many ornamental trees and shrubs do not grow as they should because the holes are not dug deep enough or broad enough or because the roots are cramped and because the soil is not firmed well enough around them. The hole should be at least twice as large as the roots appear to need. Soak the holes with water if land is dry, and soak the balls of Evergreens. Don't take off the burlap but loosen it around top, see planting direction pamphlet. After setting the specimen in center, gradually fill in the soil and firm it as you fill. Usually the trees and plants should be set 2 or perhaps 3 inches lower in their new location than they stood in the nursery row. This point can easily be determined by the planter.

BECHTELS CRAB. A delightful small pink flowering tree. A favorite of the favorites. No lawn is complete without it. Price: 3 to 4 ft., \$1.00 each.

CATALPA (Umbrella Tree). Well known. Price: 6 ft., \$1.00 each, 2 for \$1.80.

CATALPA SPECIOSA (Sometimes called Hardy, Western). A rapid-growing, street or forest tree. Bears large, luxuriant, heart-shaped foliage and clusters of flowers similar to the horse-chestnut but larger. Ornamental as well as useful. Hardy. Price: 6 to 8 ft. specimen trees, \$1.00 each; 8 to 10 ft., \$1.25 each.

CHERRY (Japan Pink Flowering). A glorious early spring flowering tree of dwarfish growth. Price: \$1.00 each for flowering age 2 to 3 ft.

DOGWOOD (Cornus Florida, White Flowering). The flowers appear in spring before the leaves show and it is a very attractive tree for lawn or any other part of the grounds. Price: \$1.00 each for 2 to 3 ft.

DOGWOOD (Cornus Rubra, Pink Flowering). Possibly the most sought after lawn tree. In the fall the foliage is also very striking. Price: \$1.50 each for 2 to 3 ft.

ELM (American). Well known and desirable for home or street. Price: 6-8 ft., 60c each; 8-10 ft., 85c each.

ELM (Chinese). A new variety being planted extensively for home grounds, streets, parks, etc. Highly recommended by the Dept. at Washington. Price: 6 to 7 ft., \$1.25 each; 8 to 10 ft., \$1.75 each.

HYDRANGEA (Tree Shape). That favorite fall blooming tree. Immense panicles of blooms, white turning to pink. Price: 2 to 3 ft., 60c each.

MAGNOLIA (Soulangeana). Needs no description, a flowering tree of this Magnolia has often sold a home at a big profit. Price: \$2.50 each for 2 to 3 ft. trees.

MOUNTAIN ASH. White blossoms, redberries. Price: 6 to 8 ft., \$1.75 each.

MULBERRY (Teas Weeping). Price: 5 to 6 ft., \$1.25 each.

MAPLE (Norway). The favorite dooryard and street tree. Price: 6-8 ft., \$1.25; 8-10 ft., \$1.75 each; 10-12 ft., \$2.50 each.

MAPLE (Rock or Sugar). Price: 6-8 ft., \$1.00 each; 8-10 ft., \$1.25 each; 10-12 ft., \$2.00 each.

MAPLE (Silver). Another well-known favorite. Price: 6-8 ft., 60c each; 8-10 ft., 85c each; 10-12 ft., \$1.50 each.

PEACH (Double Flowering). In Pink, Red or White blooms. Blooms in May. Every twig becomes covered with perfectly formed double blossoms. Price: 75c each for 2 to 3 ft. trees ready to bloom.

POPLAR (Bolleana). The true silver leaved ornamental shade tree. Fast grower. Distinct in bark and foliage from any other. Price: 4-5 ft., \$1.00 each; 6-8 ft., \$1.75 each.

POPLAR (Carolina). The well known large leaved variety. Price 6-8 ft., 75c each; 8-10 ft., \$1.00 each.

POPLAR (Lombardy). Pyramidal in growth, a favorite when a tall tree is wanted. Price: 6-8 ft., 85c each; 8-10 ft., \$1.10 each.

Special low prices on quantity lots of Carolinas and Lombardy will be given on request.

PRUNUS PISSARDI. Our favorite on account of its beautiful foliage. Ten of these trees could be bought at the price of one Japan Red Leaf Maple or Purple Beech and the foliage just as pleasing. Price: 3 to 4 ft., 75 each, 4 to 5 ft., \$1.00 each.

PRUNUS TRILOBA. Early spring. Pink flowering. If once seen in bloom sure to be selected for the lawn. Price: 3 to 4 ft., 75c each.

THORN, PAUL'S SCARLET. Deep crimson flowering. The king of the flowering thorns. Price: 3 to 4 ft., \$1.25 each.

WILLOW (Babylon Weeping). A much wanted tree. Price: 6 ft., \$1.20 each.

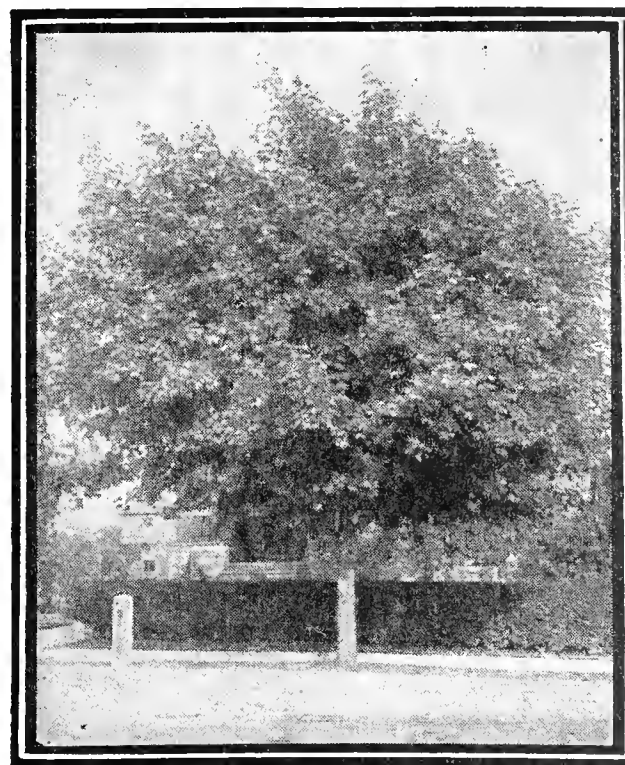

April, 1936.

Green's Nursery Co.:

We have received our order of Norway Maples in best condition as we always did for the past 25 years, always very satisfactory. Mank thanks.

(Signed) Paul Baumann,
_____, Mass.

VERY SPECIAL low prices will be quoted on request for American Elm, Norway, Rock and Silver Maples for 5 or more trees of any height or size desired. We have several thousand trees to offer. We have a big block of Elms and Maples that are larger than those offered above. Special low prices will be quoted, on request, for one to one hundred trees.

Norway Maple

EVERGREENS

Austrian Pine

Evergreens are contributors of continuous beauty and because of this are essential in every plan of home planting. Green the year 'round, they are refreshingly cool in summer, and lend color and warmth to the bleak landscape in winter. The beautiful shape and deep color of these shrubs is a joyous sight in the winter months when all other growing things are stripped of their foliage. The specimens should be balled and burlapped when received from the grower and set carefully as received. Do not remove the burlap. The hole should be as large again as the ball and thoroughly soaked, as well as the ball of earth, and the soil tamped very firm. The tree should be set so that the lowest branches touch the ground. (Specific planting directions will be sent with all shipments.)

ARBOR VITAE (American). Particularly good for screens, hedges, etc., and suitable for individual specimen planting. Price: 2-3 ft. \$1.00, 3-4 ft. \$1.50, 4-5 ft. \$2.00, 5-6 ft. \$2.50.

ARBOR VITAE (Globe). A splendid dwarf, globe shaped. Price: 12-15 inch spread, 75c each, 18-24 inch \$1.00 each.

ARBOR VITAE (Pyramidal). In bigger demand than any other Evergreen. The universal favorite spiral form growing evergreen for lawn and foundation planting. Price: 18-24 inch, \$1.00 each, 2-3 ft. \$1.50 each, 3-4 ft. \$2.00 each.

JUNIPER (Pfitzers). Of dwarfish spreading form that is in big demand. Price: 15-18 inch spread \$2.00, 18-24 inch \$2.50.

PINE (Austrian). A universal favorite where eventually a large tree is wanted. Broadbased, heavily needled, massive; darkest and richest green of the Pines. Price: 2-3 ft. \$1.25 each, 3-4 ft. \$2.00 each, 4 to 4½ ft. \$3.00 each.

PINE (Mugho Dwarf). Nothing better where an evergreen of dwarf habit of growth is wanted. Price: 18-24 inch spread \$1.50, 2-3 ft. \$2.50.

SPRUCE. Colorado Blue (Shiners). The peer of Evergreens. Price: 18-24 inch \$1.75, 2-3 ft. \$2.50, 3-4 ft. \$4.00 each.

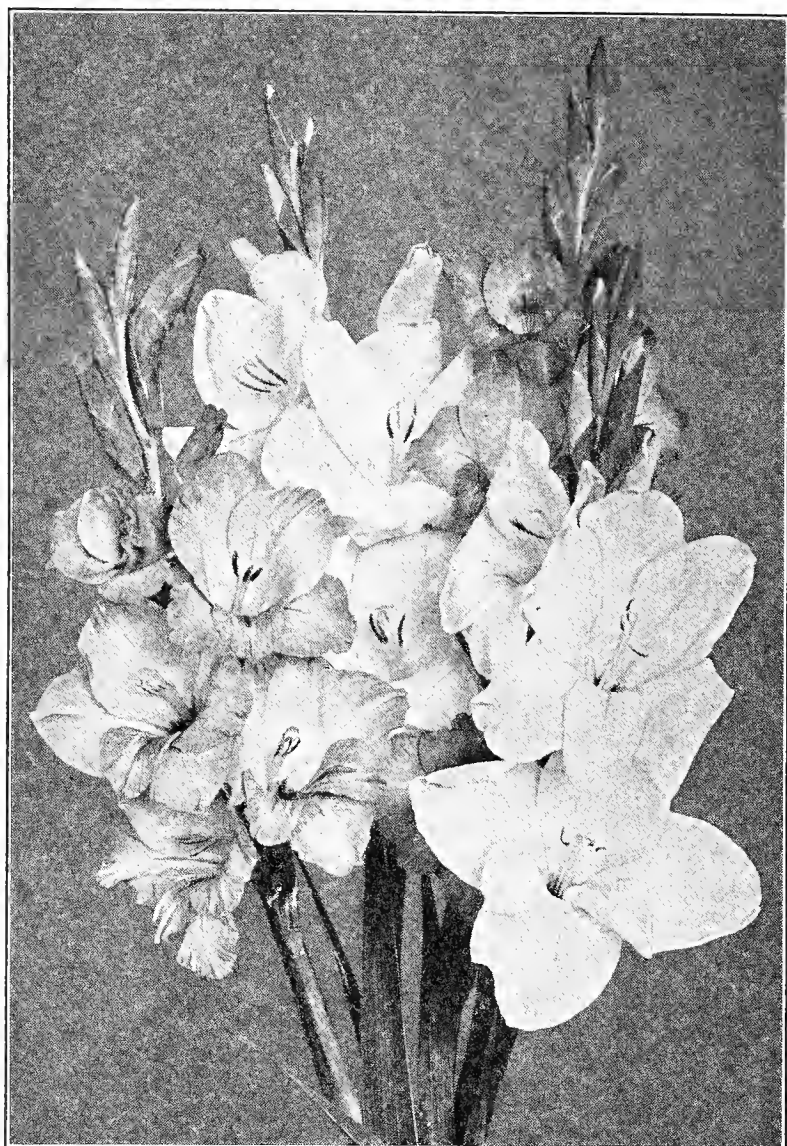

SPRUCE. Norway. The well-known favorite. Used as specimen and for screens. Price: 15-18 inch 50c each, 18-24 inch 75c each, 2-3 ft. \$1.00 each, 3-4 ft. \$1.50 each.

All Evergreens balled and burlapped for shipment.

OTHER EVERGREENS

Ask for prices, showing varieties wanted, as we have others at a price that will appeal to you.

See Page 21 for trees and plants by parcel post.

GLADIOLI

Mammoth Bulbs—named varieties

BUTTER BOY—Tall spikes with buttery yellow, medium sized flowers.

FLAMING VALE—Large, cardinal-red flowers on long spikes.

ROMANCE—Varied colors of salmon-rose, red and yellow. A wonderful combination.

SCHWABEN—Large, sulphur-yellow flowers well placed on strong spikes.

UHLAN CHIEF—Vermilion-scarlet; large flowers well placed on strong spikes.

PRICE, of any above varieties, 6 for 25c; 12 for 40c; 50 or more at 3c each, all postpaid.

Mixed Colors (our selection). Price, 12 for 30c, 50 or more 2c each.

These gladiolus bulbs are mammoth in size, the best we have ever grown, and the blooms large, well formed, and prize winners at local shows.

Gladioli are easier to grow than any other flower, and they make a gorgeous show. Plant, if possible, between April 15th and May 10th, four inches deep—in clumps, bulbs about four inches apart—or in rows ten inches apart. Any average soil is suitable for this wonderful, attractive flower.

GREEN'S GRAFTING WAX

In convenient half-pound packages. Price: 75c per ½ lb., \$1.25 per lb. postpaid.

LOMA

That good plant food, best fertilizer of all types of plants inside and outside. Price: Pound packages 25c postpaid, 5 lb. cartons by express collect \$1.00.

THE LEVIN PRUNER

There has always been a heavy demand for this universal favorite Pruner. Can easily be carried, handy for garden and orchard use, will last for years. New springs can be furnished when and if wanted. Price \$1.15 postpaid.

"DOGZOFF"

Thousands of choice Evergreens are ruined by dogs every year. "Dogzoff" will keep dogs off. It is a most efficient animal repellent and one spraying will last from three to four weeks. Not poisonous to plants and will not injure animals. Not offensive to humans. "Dogzoff" is applied with any small insect sprayer. Price for season's supply, 69c postpaid.

TREES AND PLANTS BY PARCEL POST

(All postpaid by us)

OUR PARCEL POST DEPARTMENT

Our Parcel Post Department is one of the main features of our business. Thousands of orders are received and packed and shipped out at the right time by experienced packers. Every package is guaranteed to reach the buyer in first class condition, all postal charges paid by us. Nothing but strong sturdy trees and plants are used in filling orders. PLEASE NOTE: Not everything listed in body of this catalog can be sent by parcel post. Strawberries, Raspberries, Blackberries, Currants, Gooseberries, Grapes, Asparagus, Rhubarb, Sage, Horseradish bulbs, Perennials, Roses, Vines can be sent postpaid—(see body of catalog for descriptions and prices).

Also many of the Flowering Shrubs, Hedge plants and some variety of fruit trees (see list below for list of these with prices). Every tree and plant sent out will be strong, well furnished in top and root—all small fruit plants, garden roots, perennials, gladiolus bulbs, vines, and roses from our regular first class stock. The shrubs, hedge plants and fruit trees offered by parcel post prepaid will be first class of the size and height specified. The flowering shrubs, although younger and in less height, if planted in early spring, should bloom more or less this coming season of 1938.

In the flowering hardy shrubs, we offer postpaid:—

ALTHEA (Rose of Sharon), in colors, double blooms, pink, purple, red, white, 12 to 18 inches. Price each 15c

BARBERRY (Dwarf Thunbergii), 12 to 15 inches. Price each 15c

BARBERRY (Red Leaved), 12 to 15 inches. Price each 25c

BUTTERFLY BUSH, strong nice plants. Price each 20c

FORSYTHIA (Golden Bell), 12 to 18 inches. Price each 15c

DEUTZIA. In white and Rosea, 12 to 15 inches. Price each 15c

APRICOTS—2-3 feet. Price each 50c

For description of all the plants, shrubs, trees, etc., offered by parcel post, see body of catalog.

DO NOT ORDER trees or plants not listed in parcel post offers for shipment by parcel post before writing us. It is possible that we could send some other items, or we could arrange to ship by express, charges paid by us.

OUTSTANDING NEW NOVELTIES AND EXCEPTIONALLY GOOD PLANTS, ETC., THAT YOU WILL WANT

PHLOX, Break of Morn (New "Greatest Novelty")—a soft sunrise, pink petals of a silver luster, climaxed with a star-like center of deep maroon. This phlox does not fade as do many others, also has the advantage of being a big grower like B. Compté. **PRICE: 30c each, 3 for 80c.**

PINK CUSHION. A HARDY CHRYSANTHEMUM (Magnificent). Has been known to produce 1000 blooms in a season. Flowers pink to deep rose changing to tender Lilac, Ivory and Gold. Unmatched for appealing beauty by any other plant. This new hardy Chrysanthemum has taken the country by storm. **PRICE: Strong full grown plants, 30c each, 3 for 75c.**

COLUMNBERRY—(See page 14).

TOM THUMB ROSES—(See page 16).

NEW PATENT ROSES—(See page 16).

HARDY CHRYSANTHEMUMS FOR THE GARDEN

AUTUMN GLOW—Rosy crimson.

BARBARA CUMMINGS—Large, clear yellow.

EARLY BRONZE—Early double.

GRENADIER—Crimson red.

INDIAN—Coppery red.

LORELLII—Early yellow.

MARIE ANTOINETTE—Deep pink.

PINK CUSHION—See page 22.

PRICE of all of above (except PINK CUSHION) 25c each 5 or more at 20c each, all postpaid. Our selection 5 for 85c.

PRIMROSES

LOVELY OLD FAVORITES. Colors range from cream to many shades of yellow, orange, pink and crimson. Suitable for borders, rock gardens, etc. **PRICE: 20c each.**

PRIMROSE OR OXSLIP. Large clusters of deep yellow blooms on strong stems like the English cowslip but much larger.

PRICE: 20c each.

BLEEDING HEART (Spectabilis). Its long racemes of graceful heart-shaped pink flowers are always attractive. Is perfectly at home in any part of the hardy border and especially valuable for planting in the shade. **PRICE: 40c each.**

KOEHL — Dark

blood red.

MRS. JENKINS—Pure

white.

RYNSTROM — Rose

pink.

SIR EDWIN LAND-

SEER—Light crim-

son.

THOR—Deep salmon

pink.

VON HOCKBURG —

Brilliant red.

Price: 25c each (ex-

cept Break of Morn;

see page 22), 5 or

more at 20c each. Our

selection 5 for 75c, all

postpaid.

ALL OUR CHRYSANTHEMUMS AND PHLOX are strong, field-grown plants. We do not offer small pot-grown plants. Every plant sent out by us this spring should grow and will bloom this coming season under normal conditions.

HARDY PERENNIALS

PERENNIALS once planted in any good average soil will continue year after year to delight the planters. We are listing and describing briefly only a few of the well-known hardy desirable ones. These are field-grown heavy plants that will need no petting.

Price of those listed below: 20c each, 3 for 55c.

ANEMONE (Windflower). A favorite full bloomy plant—order by color: white, pink or red.

AQUILEGIA (Columbine). The Columbine is one of the most beautiful hardy perennials, producing graceful spurred flowers on 2-foot stems.

CAMPANULA (Canterbury Bells). A beautiful and most important family for the flower garden. The dwarf species are charming for rock gardens, being not difficult to cultivate.

CHINESE LANTERN PLANT (Physalis). Produces freely its bright orange-scarlet lantern-like fruits, which can be cut and dried, in which shape they are used extensively for floral decoration during winter.

COREOPSIS (Tickseed). One of the most popular hardy plants. The flowers are a rich golden yellow of a beautiful graceful form.

DAISIES ENGLISH. Double flowering in mixed colors from deep Crimson to Rose and White.

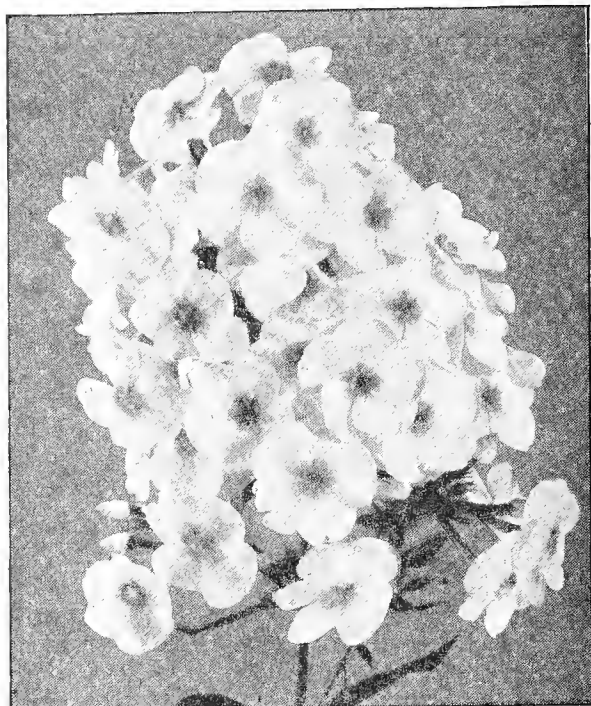

DELPHINIUM (Larkspur). There are many species in cultivation, but the most important are the tall hybrids, of which there are many varieties with a wonderful range of color.

DAISY (Shasta) (Alaska). 2 feet. Wonderful show of large white flowers. Fine for cutting. Blooms all summer.

FOXGLOVE (Digitalis). Giant Shirley Hybrids. The flower heads are over 2 ft. long, crowded with big, bell-shaped blossoms. Color range from white and shell-pink to deepest rose; many attractively dotted crimson or chocolate.

GYPSOPHILA (Baby's Breath). Fine for cutting and drying for winter bouquets.

HEUCHERA SANGUINEA (Coral Bells). Much prized for dainty blossoms and long blooming habit. Coral pink flowers.

LYCHINIS. (Maltese Cross). Blazy summer flowers. June to August.

PHYSOSTEGIA (False Dragon Head). One of the best of the late-blooming perennials. Crimson rose flowers.

PYRETHRUM (Painted Daisy). These are of great value for cut flower purposes, lasting in water longer than any flower we know.

FRUIT TREES STANDARD APPLE TREES

The Leading Varieties

English Walnut, hardy strain 2-3 ft. **Price: \$1.00; 18-24 inch 85c each.**

Japan Walnut, 3-4 ft. **Price: 75c each.**

Black Walnut, 4-5 ft. **Price: 75c each.**

Butternut, 4-5 ft. **Price: 75c each.**

English Filbert, 3-4 ft. **Price: \$1.00 each.**

Spring 1938

DAHLIAS

We make a specialty of this fall flowering favorite. The plot from which the following varieties were selected last fall showed nearly a hundred different colors, types, etc.

Plant after all danger of late spring frost is past tubers about 5 inches deep and laid flat.

AMBER QUEEN, Pompon—Clear amber, shaded apricot.

AUTUMN KING, Decorative—Tall bronze, the plant is a bouquet itself—fine for cutting.

BONNIE BRAE, Decorative—Large soft rose pink, blending to cream in center.

CALEB POWERS, Show—Soft blush pink, profuse bloomer with long stems.

CATHARINE, Pompon—Clear yellow, free bloomer.

LUCY FAUCETT, Show—Yellow or old rose variegated, either color may predominate.

PURE WHITE, Show—White ball, very graceful.

PORTHOS, Decorative—Dark red, unusual type, large and very free bloomer.

SAGAMORE, Decorative—Soft saffron yellow with a rose undertone, compact center enriched by ruddy apricot.

MRS. JOHN T. SHEEPER, Decorative—Canary yellow, shaded pink on outer petals, a good bloomer.

TRIPHENE, Decorative, Show—Soft blush pink, profuse bloomer with long stems.

PRICE 25c each, 3 for 60c, postpaid.

SPECIAL BARGAIN OFFER—One dozen all different, our selection for \$1.50, postpaid.

Dahlia

PAEONIES

Possibly next to roses, paeonies fill a big blank in garden flowering wants. From early spring until fall a glorious show is guaranteed if care is taken in selecting varieties. We offer only a limited number of those known to be free bloomers and of striking beauty.

AS TO PLANTING. Set the roots in the prepared soil, in their natural position, eyes or buds up, and at a depth so that the eyes will not be over two inches below the surface after the soil and the roots have settled. The common mistake is planting too deeply. Watch and see that the eyes are not more than two inches below the surface. The roots should be spaced 2 to 3 ft. apart.

We offer only strong 3 to 5 eye plants that, if planted early in good soil, should bloom with the coming season.

Price of below varieties, 35c each, 10 for \$3.00, not postpaid.

ALBERT CROUSSE—Shell pink, late flowering.

EDULIS SUPERBA—Soft pink, early flowering.

FELIX CROUSSE—Brilliant, flaming red—midseason.

FESTIVA MAXIMA—The ideal white, early.

KARL ROSENFELD—Dark salmon, a very striking variety, midseason.

MONS JULES ELIE—Pure pink.

UNNAMED PAEONIES in pink, red and white colored blooms at the very special low price of 25c each, 10 for \$2.00.

PLEASE NOTE: The above Paeony prices are for good 3 to 5 eye plants for shipment by express or freight. If wanted by parcel post prepaid, please add 5c to the each price, or 25c for a lot of 10.

CARNATIONS

CARNATIONS (Dianthus Hardy Pinks). Red, pink or white. No garden is complete without these old favorites, bloom in June and July.

PRICE 20c each, 3 for 50c, postpaid.

DWARF PEARS

This type of tree is desirable where space is limited or for planting in the rows between standard apple trees. Usually come into fruiting a year or two before standard pears, and produce a fine quality of fruit.

VARIETIES: BARTLETT, CLAPP'S FAVORITE, DUCHESS and Seckel. Price 2 yr. No. 1, 3½-4 ft. or more well branched 85c each, 10 for \$7.50, 2½-3½ ft. well branched 65c each, 10 for \$5.50, 18 in. to 2 ft., more or less branched 50c each, 10 for \$4.25.

FLOWER AND VEGETABLE SEED

We do not list these but we have many calls for them. A well known reputable grower furnishes us with those we have calls for. If you send us your order for your spring needs at 10 cents per liberal packet we will send them postpaid—or we will gladly quote prices per packet, ounce or pound. Also for Mushroom Spawn per pound.

TESTIMONIALS

Note Well Packed

Generous Count—True to Name

Mr. E. H. Burson:

I received the nursery stock. The trees were fine and they were wrapped splendid as usual, I certainly appreciate this because some firms that I receive nursery goods from scarcely put on an excuse for a wrapper and the mulch will be running out and the roots exposed.

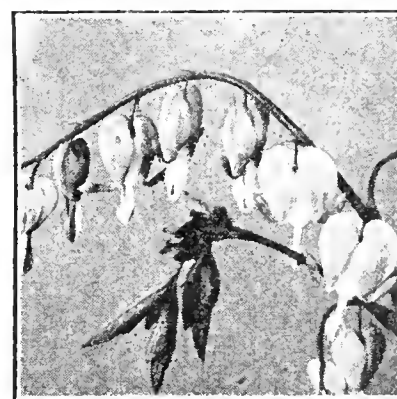

G. C.,
Watertown, N. Y.

Nov. 27, 1935.

Dear Sirs:

The trees and berry bushes came to hand Nov. 15, 1935. Everything very satisfactory, and nicely packed. Thanks for the extra ones.

Respectfully yours,
A. A. D., Pa.

Bleeding Heart
See page 22

Dear Sirs:

The trees arrived in good shape as to packing, and trees had fine roots.

E. H. Burson Nursery Co.:

Thank you very much for the fine shrubs you recently sent me. They have wonderful roots and were in fine condition on arrival.

(Signed) Emma H. Fownes,
Ohio.

Dear Mr. Burson:

Our order of 1,000 Columbian Raspberry plants came in fine condition. Plants very stocky and nice and you sent us two Premiums. We thank you very much for same, also for care used in packing.

Yours truly,

Mrs. Jacob G. Hoffer,
N. Y.

Green's Nursery Company:

During 1907 I bought more than 1,000 trees and plants from you, all TRUE to name.

O. H. Denney.

The strawberries came in fine condition and are all in and doing well. The Latham Raspberries and the Caco grape came today. Thank you very much for your generous count.

Very truly yours,

B. D. S., N. Y.

Last year I purchased of you 40 Spy Apple trees, and they are all doing fine.

W. E. Bacon,
Vt.

April 30, 1936.

Green's Nursery Co.:

The shipment of the trees received in good condition, and trees were fine.

Mrs. Allison L. Hegarty,
Pa.

Green's Nursery Co.

Clifton, N. Y.

"Proof of the Pudding is in the Eating"

I like the Fruit Grower very much, and, at the price, you are making us a present of the magazine. No, I can't tell you how to improve it much. I'll cheerfully pay you more money if you should make it "twice a month" or a weekly.—L. J. Wright, Collinsville, Conn.

I want to express my appreciation for the helpful information contained in the Directory Edition of your magazine. This data is of great value in the successful operation of Orchards, and I also want to say that the AMERICAN FRUIT GROWER magazine is a wonderful help in this direction.—H. M. Saunders, Conklin, New York.

I assure you of my continued patronage of your really excellent and authoritative publication, and of my grateful appreciation of the effort required on your part to keep it so.—Myron S. Baker, Churchville, New York.

Have been a subscriber to AMERICAN FRUIT GROWER for a number of years and am pleased to state I have noted a steady improvement. Scarce an issue but contains some item easily worth a year's subscription. I bought an orchard some years ago. Having no previous experience or knowledge about orcharding, I haunted the public library, reading practically everything there pertaining to it, accumulated several hundred bulletins and subscribed to some half dozen farm

papers and can safely state I have received more real benefit from AMERICAN FRUIT GROWER than from all other sources.—J. B. Simon, R. R. 4. Davenport, Iowa.

Your magazine is so far ahead of nearly every other horticultural periodical that it is hardly necessary to tell you what must be an old story, that it has preferred position with us and with our superintendent month after month. There is no other paper that we subscribe to (in the fruit line) that ever approaches its class.—E. L. Hinton, Rossmont Farms, Waynesboro, Va.

Glad to enclose \$1.00 for three years' subscription. It seems to me the fruit industry should support a real live semi-monthly of good size. I sincerely hope your efforts will be the answer to my wish. Our industry needs you!—Gay Gelder, Chazy, New York.

Am an eager reader of your Fruit Grower these many years.—Charles F. Walling, Middletown, New York.

I bought an AMERICAN FRUIT GROWER the other day in Wenatchee and I got more information from it than from all of the meetings ever held there.—Wm. Smith, Monitor, Wash.

We get your paper and sure enjoy it, as it gives us a lot of good hints and points which we've never known.—Amanda Gennrich, Alpena, Mich.

The Fruit Growers' Best Friend

Edited by
practical
horticulturists
who own and
operate
fruit farms
of their
own.

AMERICAN FRUIT GROWER is known as a "friend" to over 150,000 fruit growers who eagerly await its regular monthly visits and the many helpful ideas and suggestions which it brings.

We urge you to subscribe to it because, in our judgment, it is a magazine to which every fruit grower should subscribe, and because we know it will help you to succeed in growing better crops of fruit, and please you with its interesting and instructive articles, prepared by the best equipped and most successful fruit growing authorities in the country.

It is the last word in practical, constructive fruit growing and, if you would secure the highest measure of success in the business of orcharding, you cannot afford to be without it.

Obey that impulse! Subscribe now! The coupon is for your convenience.
Subscription rates: Three years, \$1.00; one year, \$.50.
